1. The Panel approved the minutes from the previous meeting of 7th December 2004.
2. Paddy O'Kane agreed to revise the document he produced in relation to the retrospective application of the Distribution Code to a number of wind generators. Revised document to consolidate tables into one single table and include an indication of the costs associated with compliance. Once this document has been submitted the DSO & TSO will meet to consider these derogation requests.
3. Siobhan Wynne indicated in relation to an action item from the previous meeting that the DSO have decided to amend the application form for generation connections to include a requirement to provide the planning reference number.
4. Modification 07

Paul Smith outlined the background and detail in relation to this modification proposal. Following some discussion, it was agreed to approve the modification with the following amendments:
 - Change all references to "grid connected transformers" to "connection point step up transformers".
 - Delete the third paragraph of section DCC10.6.1.
 - Include the words "with a Registered Capacity greater than or equal to 5MW" into the first line of section DCC10.6.2.

Action: Paul Smith to forward copy of presentation to Secretary for circulation to panel members.
5. Modification 08

This modification was approved.
6. Next Meeting Date: Tuesday 6th September 2005

Siobhan Wynne,
Secretary.
